7. (Unclassified - LLM) LIAISON Jim Oliver, OMB, called with respect to the Director's proposed statement on S. Res. 400 to alert us to possible differing of views between the Department of Defense and ourselves, particularly on the question of whether the proposed Committee on Intelligence Activities in the Senate should assume full legislative authority or merely responsibility for "improprieties." Oliver agreed that our primary objective had been clear throughout to limit the number of committees in the interest of stopping the proliferation of sensitive information. I told him we were aware of the attendant problems to the authorization issue and that I believe the Director would address himself to this subject if it arises tomorrow before the Senate Rules and Administration Committee.

8. (Unclassified - LLM) LIAISON In the absence of Mr. Cary, spoke with Philip Buchen, Counsel to the President, who reported on his efforts to close the loop on the problem brought to his attention earlier in the day.

9. (Unclassified - LLM) LIAISON Called Edward Braswell, Chief Counsel, Senate Armed Services Committee, and read him a proposed supplemental statement for the Director's use tomorrow before the Senate Committee on Rules and Administration on S. Res. 400. The statement dealt with the requirements for authorization legislation and fleshed out our serious concerns with this requirement and referenced the concerns of the DOD elements of the Intelligence Community. Braswell felt the supplementary statement fully covered the subject although it all really boils down to the security threat by such a requirement.

1. (Unclassified - WPB) LEGISLATION Talked to Paul Wohl, Chief Counsel, Committee on House Administration, concerning the floor amendment to the Senate version of the Federal Election Campaign Act, which would require Federal employees to file financial statements with the Comptroller General. He said he understood the problem the Agency would have with such a provision and that he did not expect it would appear in the House version and that Representative Wayne Hays (D., Ohio), Chairman of the Committee, would resist inclusion of such a provision.
2. (Unclassified - WPB) LEGISLATION Called Representative Lucien Nedzi (D., Mich.) concerning a floor amendment to the Senate version of the Federal Election Campaign Act. He appreciated the Agency's problem with such a provision and said that he did not think the House would adopt a similar amendment but that I should drop off with him a fact sheet and suggested remedial language tomorrow.
3. (Unclassified - DFM) HEARINGS Called Clark McFadden, staff of the Senate Armed Services Committee, to ask if he had the opportunity to review the Director's proposed statement on S. Res. 400. We discussed the testimony briefly and he had no problems with it, although our recommendations are not the same as those of the Armed Services Committee. He reported that the Committee had met that morning on the resolution and with the exception of Senator Gary Hart (D., Colo.), the Committee was firmly opposed to surrendering any jurisdiction to the proposed committee.
4. (Unclassified - DFM) HEARINGS Talked to George Gilbert, OMB, twice during the day and agreed on language for the Director's testimony on S. Res. 400 tomorrow before the Senate Committee on Rules and Administration.

Jackson (D., Wash.) on S. 1864 (the National Energy Information Administration bill) which I had left with Mr. Countee for OMB's clearance on 26 March. Mr. Countee at first requested that the Agency not offer suggested language for an amendment to the bill but after I reiterated our problems with the bill as written, he later agreed that we could go ahead with our suggested amendment if we clarify a few other points in our views letter. With those changes, he stated that the letter was okay with OMB and I promised to forward to him a signed copy.

STAT 25. (Internal Use Only - PLC) LEGISLATION Together with [redacted] OGC, met with Representative Carlos Moorhead (R., Calif.), Representative George Danielson (D., Calif.), William Shattuck, Counsel, and Alan Coffey, Associate Counsel, House Judiciary Subcommittee on Administrative Law and Governmental Relations, and discussed the Agency's problems with the proposed change to the exemption concerning information protected by statute in H. R. 11656, the Government in the Sunshine Act. They were receptive and indicated they would give our concerns consideration in their markup of the bill on Wednesday.

26. (Internal Use Only - PLC) LEGISLATION Met with Hilda Schreiber, OMB, and went over our additional proposed amendments to H. R. 11088, amending CIARDS. She informally cleared all of the changes except for the proposal to waive a survivorship annuity and made clear that OMB will object to this proposal. She will formally clear our changes after she hears from the Civil Service Commission but anticipated no problems.

27. (Internal Use Only - PLC) LEGISLATION Met with Bob Lockhart, Counsel, House Post Office and Civil Service Committee, and discussed further our request for an exemption from H. R. 12080, which establishes statutory authority for the Civil Service Commission over Government personnel management. Lockhart said the bill will not be scheduled for markup until after the Easter recess. We will get together again before the recess begins on 14 April. Lockhart recognizes our problem and assured that an appropriate exemption can be worked out.

Scalia amplified on the scope of the two statements, eliminating my concern that they were inconsistent.
